BESCOM will open the technical bids submitted through **KPP portal** on the date notified.

28.0 TECHNICAL EVALUATION OF BIDS:

The bids submitted in kpp platform will be evaluated on the basis of techno-commercial information furnished by the Bidder. The bids which are submitted fulfilling the qualifying requirements of the tender will be treated as technically responsive and such firm's price bids will be opened after scrutiny of documents and verification of requisite EMD furnished by the Bidder.

29.0 PRELIMINARY EXAMINATION

The BESCOM will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished.

Arithmetical errors will be rectified on the following basis:

29.1 CONTACTING THE COMPANY

Bids shall be deemed to be under consideration immediately after they are opened and until such time official intimation of award/rejection is made by BESCOM to the Bidders. While the bids are under consideration, Bidders

and/or their representatives or other interested parties are advised to refrain from contacting BESCOM and/or his employees/representatives if any means on matters related to the bids under consideration. BESCOM, if necessary, will obtain clarifications on the bids by requesting for such information from any or all the Bidders, either in writing or through personal contacts as may be necessary. Bidders will not be permitted to change the substance of the bids after the bids have been opened.

29.2 BESCOM may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such a waiver does not prejudice or affect the relative ranking of any Tenderer.

29.3 Prior to the detailed evaluation, BESCOM will determine the substantial responsiveness of each tender to the tender documents. For purposes of these Clauses, a substantially responsive tender is one which conforms to all the terms and conditions of the tender documents without material deviations. Such deviations from or objections or reservations to critical provisions like those concerning Performance Security. Warranty, Force Majeure, Limitation of liability, Applicable law, and GST, Taxes & Duties will be deemed to be a material deviation. The BESCOM's determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.

29.4 If a tender is not substantially responsive, it will be rejected by the BESCOM and will not subsequently be made responsive by the Tenderer by correction of the non-conformity.

30.0 OPENING OF PRICE BID:

The price bids of all the technically responsive Bidders will be opened. The date and time of opening of the price bid shall be intimated to all qualified Bidders through KPP portal.

31.0 EVALUATION/COMPARISON OF PRICE BIDS

a. After opening the price bids, price evaluation will be done based on the rate quoted by the Bidders in the kpp portal. Such price shall include all the costs including duties, levies, taxes, and transportation, loading & unloading if any.

b. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the lowest of the two will prevail. If the

supplier does not accept the correction of errors, its tender will be rejected and its tender security may be forfeited.

c. The Purchase order will be placed on the successful Bidder, whose total quoted cost evaluated as least quoted among the Technical responsive bids at the approved rates in accordance with provisions of KTPP act & its amendments.

32.0 NEGOTIATIONS:
